Program Highlights

- Summer Scholars: Club members will take part in fun and engaging programming that prevents summer learning loss. Members will be given the opportunity to participate in fun, high-yield learning activities, S.T.E.M. (science, technology, engineering, and math) activities and field trips. For those that find a passion in S.T.E.M., they will have the opportunity to present their projects at our end of the summer showcase.
- Artists of Tomorrow: Club members will be exposed to different mediums of art (fine arts, cultural arts, dramatic arts, musical arts, etc.) and have the opportunity to create works individually and/or in groups that may be shown at our end of the summer showcase.
- Living Healthy: Club members will partake in a variety of social recreation activities and healthy lifestyle activities to better understand what it means to live a healthy life.
- Recreational Swim: Club members will have the opportunity to go swimming once a week
